SUBARU INFORMATION

YEAR	MODEL	TRANSMISSION	ENGINE

To avoid additional charges, please fill out this information completely and accurately.

Subaru VIN #

If unknown, please google your ECU#

VANAGON INFORMATION

YEAR	MODEL	TRANSMISSION

Missing:	Included:	Missing or broken Connectors:
<input type="checkbox"/>	<input type="checkbox"/> ECU	
<input type="checkbox"/>	<input type="checkbox"/> Main Relay	
<input type="checkbox"/>	<input type="checkbox"/> Fuel Pump Relay	
<input type="checkbox"/>	<input type="checkbox"/> O2 Sensor Sub Harness	
<input type="checkbox"/>	<input type="checkbox"/> Ignitor (2.2 only, 2.5's are built into coil pack)	
<input type="checkbox"/>	<input type="checkbox"/> Alternator Harness (3' or more)	
<input type="checkbox"/>	<input type="checkbox"/> Atmospheric Pressure Sensor	
<input type="checkbox"/>	<input type="checkbox"/> Fuel Pump Controller (WRX & 03-3.0L)	
<input type="checkbox"/>	<input type="checkbox"/> 1990-94 2.2L Engine Manifold Harness	
<input type="checkbox"/>	<input type="checkbox"/> Pressure Source Switching Valve (Brown Valve mounted to bracket with Atmospheric pressure sensor)	

The main relay, fuel pump relay and ECU are required for us to be able to do a functionality test on your harness. Harness missing these components or others, may incur additional charges and be delayed.
